The 27th or 29th are best for me, I've got another site visit on the 28th.

Subject: I-73 Long Branch stream mitigaiton field view (UNCLASSIFIED)

Classification: UNCLASSIFIED
Caveats: NONE

All,

I have heard from several of you who are interested in attending a field view of the Long Branch Stream mitigation site for the I-73 project. So now I am trying to set a date to do so. Right now I am looking at August 27, 28, or 29. I believe that we can complete this field view in one day, and I would propose that we would meet on site around 10 am. I would ask that if you are interested in attending, please let me know which day works for you. Once I hear from all interested, I will let you know the day.

Let me know if you have any questions. Thanks. Steve

Classification: UNCLASSIFIED
Caveats: NONE
